RE: ADDITIONAL PHOTOGRAPHIC EVIDENCE SUPPORTING THE OFFICIAL COMPLAINT: BRIBERY OF A TRAVIS COUNTY DISTRICT COURT JUDGE IN VIOLATION OF TEXAS P.C SEC 36.02 (a)(1)(2)(4)

Major Shiver,

Please accept these photos as additional evidence to the motive of Wannamaker, Armstrong and Watson. Yesterday, September 9, 2019, I met with two eyewitnesses who will testify that Mike Fox, my former construction/installation supervisor, and co-conspirator (See BABECO TAPE) with the City of Jonestown, went to St. Louis, picked up the motor and transformer in the attached photo, returned to Jonestown and installed it, and the gears in the attached photo, in one of my windmills in the Jonestown Wind Project, and produced wind energy, proving my windmills work! That motor is evidence and I have two witnesses who need protection, so I am not identifying them at this moment. There have been 3 attempts on my life in this fiasco and I need to protect them as best I can. These photos I took yesterday.

Please note, Mike Fox was arrested by the ATF for illegally manufacturing and selling mini-guns to Mexicans and is about to do Fed time. However, the timeline indicates he did this right after I was convicted and when he got in trouble with the ATF, everyone in Travis County and Jonestown again started trying to cover their ass. However, the bottom line is they furthered the Conspiracy when Fox moved forward!!!! More motive for Armstrong!!!!!!!!!!!! There are 37 other FEDERAL CRIMES involved in this cover up as well, including a multi-million dollar Bankruptcy Fraud on the property where my windmills were sabotaged!!

I will be happy to sit down with you and go over this whole thing as it is clearly a complex and complicated case!!

I have already forwarded these to the House General Investigative Committee and to my appellate attorney, Gary Udashen. Thank you for your time and consideration of this Complaint.

Respectfully,

Charlie Malouff
